## STATEMENT OF DOCTRINES AND PRACTISES

- ◆ There is one God eternally existent in three persons: Father, Son and Holy Spirit, being the same nature, equal in power and glory, and worthy of equal honour, obedience and worship.
- ◆ God became flesh in the person of Jesus Christ, was conceived by the working of the Holy Spirit, born of a virgin, crucified, died and was buried, resurrected from the dead and ascended to Heaven.
- ◆ The Bible, both the Old and New Testament, as originally given, is the inspired Word of God as the supreme guide in all matters of life and faith.
- ◆ God's acts of deliberate creation, are responsible for the origin of all living things and creation as we currently know it.
- ◆ Through personal faith and commitment to the Lord Jesus Christ, forgiveness, acceptance and restored union with God are freely available to all. We receive God's goodness and salvation by faith in His Son, Jesus Christ.
- ◆ It is essential for the Holy Spirit to work within people's lives to align, instruct and develop the character of Christ within them.
- ◆ In the beginning God created male and female. Marriage is an institution created by God in which one man and one woman enter into an exclusive relationship intended for life, and that marriage is the only form of partnership approved by God for sexual relations.
