Replacement of Dr Averil Worner, Principal of St Mark's School

Kia ora koutou,

I am thrilled to announce that **Adrian Rennie** has been appointed as the new **Principal** of St Mark's School, effective **Monday, 29 July 2024**.

Adrian has demonstrated remarkable leadership, dedication, and a deep commitment to our school community during his time as Acting Principal over the past three terms. His appointment follows the period during which our beloved Principal, Dr Averil Worner, was on extended leave.

Adrian's journey in education spans over three decades, marked by significant achievements and a passion for nurturing young minds. His extensive experience includes roles as a classroom teacher, senior teacher, deputy principal, and principal in various schools across Christchurch. Since joining St Mark's in 2015, Adrian has made substantial contributions to our school's culture and academic excellence.

Adrian's leadership style is a blend of professionalism, creativity, and compassion. He is known for his ability to establish and maintain strong relationships with students, staff, and the wider community. His kind and trustworthy nature has earned him the respect and admiration of all who have had the privilege of working with him.

Adrian is a strong advocate for faith-based education, believing that a special character school like St Mark's can provide a unique and enriching educational experience. He is committed to maintaining and enhancing our school's special character, ensuring it remains a safe, inclusive, and welcoming Anglican school for all.

In addition to his professional achievements, Adrian has a rich array of personal interests that contribute to his well-rounded character. He has a passion for netball, having played at a representative level and coached numerous teams. His love for music, particularly playing the guitar, adds a vibrant touch to our school's cultural activities. Adrian is also an avid reader of history and a dedicated art teacher, inspiring our students to achieve artistic excellence.

Please join me in congratulating Adrian on his well-deserved appointment. We look forward to the positive impact he will continue to make in our school community.
