

Newsletter / Kawerongo 15 * 24 September 2024

Each fortnight at our Monday goal setting hui we introduce our tamariki to a new Kiwaha (phrases to drop into conversation). You can have-a-go at home! This fortnight it's:

Kiwaha - hā ki roto, hā ki waho, kia tau - breathe in, breathe out, be settled

Kia ora Bayswater whānau

Fundraising for Lafia, our World Vision sponsorship child.

The School Council has set up a coin run in the foyer. They would appreciate it if you could send your child to school with as many coins as you can spare!

Structured Literacy

Bayswater School began its Structured Literacy journey a few years ago recognising the strength of the pedagogical approach and ably led by Claire (DP). Last week we began formal Professional Learning Development (PLD) on the approach, funded by the Ministry of Education. This included everyone being introduced to a new formative assessment tool called Dibels. This will replace traditional phonics assessments we have used previously.

Like all good assessment tools the purpose is to show what a child can do and what each child's next steps will be - more on this in 2025. A large group of the staff will have further PLD days starting this Thursday. We are lucky to have some experienced and regular relievers at school who will ably teach the classes while teachers are out over the next term.

Tupuranga Farm - Then & Now

Thank you to our whānau who helped get the tamariki "to the show on time" and sorted the black clothes and checked shirts! Weren't they amazing?

The costumes, the props, the puppets, the songs, the dancing - it was all fabulous and all created by our tamariki!

The wonderful Tash took many photos of the show for us, they will be available soon - here's just a few plus one from Brad!
