**Together, Navigating for Success**  
***Te mahi tahi kia eke panuku***

**Kiwaha this fortnight:**  
Whakapau kaha. Be the best you can be.

Kia ora Bayswater whānau

We are well on our way with The Science of Learning including Structured Literacy and Maths - No Problem.

Later this term we will be holding an information evening for whānau so we can share with you what these look like here at Bayswater School.

We are super proud of our 2024 leavers and their academic achievements!

- In reading 100% were at the expected level or above
- In writing 96% were at the expected level or above
- In mathematicss 96% were at the expected level or above

We know they'll do well as they continue on with their schooling, not just academically but also with a good attitude and a zest for life!

### We need you!

We are looking for whānau who can come in and help at school:

1. Gardeners – help us keep the small gardens tidy, watered and weeded!
2. Making maths resources

Keep an eye out for SkoolLoop notices on when the groups will be meeting.

## Important Dates:

Tuesday 25 February

By the big adventure playground  
BYO food and drinks  
5 - 7 pm

**Happy Birthday to tamariki  
celebrating this fortnight!**

**Roma Park 10**

**Kaia Kelis 9**

**Aslan Lashari 7**

**Have you seen our living wall?**

**It was designed and built by our Ngaruru Enviro group!**

**The area is designed as a quiet and reflective place for tamariki to rest.**

## Maths – No Problem

At Bayswater School we have chosen to use Maths – No Problem as our mathematical programme. This is also being used at Belmont Intermediate so tamariki will get a good progression as they move on from us.

The programme is built on solid foundations of educational research and learning theories. It provides a comprehensive, effective framework for mathematics education, promoting deep understanding and long-term retention of mathematical concepts.

It is based on international best practice with an emphasis on problem-solving, visual representations of mathematical concepts and a strong emphasis on mathematical reasoning.

The design and layout of the materials has been done with accessibility in mind, ensuring effectiveness for all learners.

## Room 2

**Harry**

the Bayswater value of Manawaroa. You showed resilience in fitness by joining our activity and giving it your all. Ka rawe, e hoa!

**Mingjun**

the Bayswater value of Hauora. You have looked after the wellbeing of your classmates through your willingness to help out within the classroom. Tumeke, e hoa!

## Room 4
