

MANAIA VIEW SCHOOL

National Strike Day **Oct 23, 2025**

Kia ora e te whānau,

This letter is to inform you that there will be a nationwide Super Strike on Thursday 23 October 2025. This action brings together members from NZEI, Support Staff, Tumuaki (Principals), PPTA, Nurses, Senior Doctors, Dentists, and Specialist Workers. This united action is about standing together for better conditions across education and health — for our tamariki, our whānau, and our communities.

We truly believe that supporting teachers, support staff, and all those who care for our children is an investment in your tamariki's future. When we stand up for better resourcing, we are standing up for every child's right to a rich, supported, and high-quality education.

As a result of the strike, our school will be closed on Thursday 23 October. Please make alternative arrangements for the care of your tamariki on this day, as there will be no supervision provided.

We know this creates extra pressure for whānau, and we are genuinely grateful for your understanding, aroha, and continued support as we work together for a stronger future for our children.

Ngā mihi nui
