16 November 2024

Dear Parents & Caregivers,

As we plan for 2024, we remain aware of the importance of senior students continuing to use MS Teams. The enforced lockdowns led to teachers and students using MS Teams as a communication and learning tool to enhance learning and is now become a wonderfully supportive tool in maximizing their learning opportunities.

Mac books CANNOT be supported and are not allowed as BYOD since several core Microsoft programs do not run on them at all.

Any student wishing to repurpose an old laptop for BYOD must be aware that several subjects (**ICT and Photography**) require a **minimum** specification of:

Intel 7th Generation or newer processor (or AMD equivalent with SSE4.1 support)
8GB+ RAM
256GB+ SSD (Hard drive)
Windows 11

If you need to purchase a **new** laptop, the device we currently recommend is an HP G9

| IDEAL RECOMMEND (currently on special) | |
|--|-------------------------|
| HP 240 G9 14" FHD Business Laptop | |
| CPU | Core i5, 2.4GHz+ |
| RAM (memory) | 8Gb |
| Screen | 14-15" (ideal) |
| Resolution | 1920x1080 |
| SSD | 256Gb+ |
| Operating System | Window 11 |
| Available from: | PB Tech |
| Price | \$1035.00 (inc GST) |

Thank you for your continued support in your children's developing futures.

Sincerely,
Carolyn Cornu,
Principal
