NEWSLETTER: TERM 1, WEEK 5 March 5th 2025

Principal: Adrian Burn • 06 3221544 • principal@clifton.school.nz • www.cliftonschoo.co.nz

Hello • Bula • Kia Ora • Namaste • Kamusta • Talofa Lava

Welcome to week 5. I must admit the rain yesterday was nice to see. The slight drop in temperature made it all slightly more bearable. Over the past few weeks Anna and the staff have been looking at a different logo to represent our values. They have designed the following picture to represent the them using the concept of CARE as well as the kahikatea tree standing tall. This tree represents the way that the school and community are all together. Being together comes strength as the kahikatea tree needs the support of others around it to hold itself up. We are in the process of having this emblem made into signs to replace the SOAR ones around the school.

Yesterday we were asked to provide a lunch to Harrisville speedway for the Wellington Classic Car Club. I would like to thank Aroha and Sara for their work in the preparation of this. It was very well received and these two did a remarkable job providing buns, slices and chocolate eclairs. Thank you.

In 2 weeks we have the parents evening about online safety for children. This is Thursday 26th March at Te Matapihi. It is a FREE event but we do need to know numbers. If you are intending on coming then please let us know in the office. This will be a wonderful evening, Rob is light hearted and relaxed yet very informative. If your children are always online then this is an event not to be missed. Have a good week.

LICE ARE NOT NICE.

(BUT ANYONE CAN GET THEM)

1. These are head lice... tiny insects that live on the scalp.

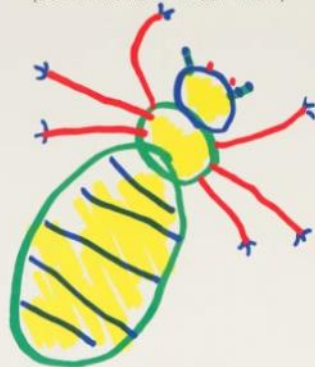

2. If you get lice, you may not be able to see them. But you'll feel them... because they make your head itch.

3. Lots of kids get lice, because they spread very easily even though they can't jump or fly.

4. So don't try on your friends' hats, scarves or other clothing, or borrow their combs or brushes.

5. If your head itches a lot, tell your teacher or the nurse right away.

6. You may not have lice, but they can tell if you do.

10. So you won't itch anymore!

9. Your parents will also wash or dry-clean your bedding and clothing, and use a special spray that kills lice on carpets and furniture.

8. Then they'll use a special comb to help get all the lice and lice eggs out of your hair.

7. If you do, your parents will wash your hair with a special shampoo the nurse recommends. It kills lice fast, but it won't hurt you.

PARENTS CYBERSAFETY EVENING

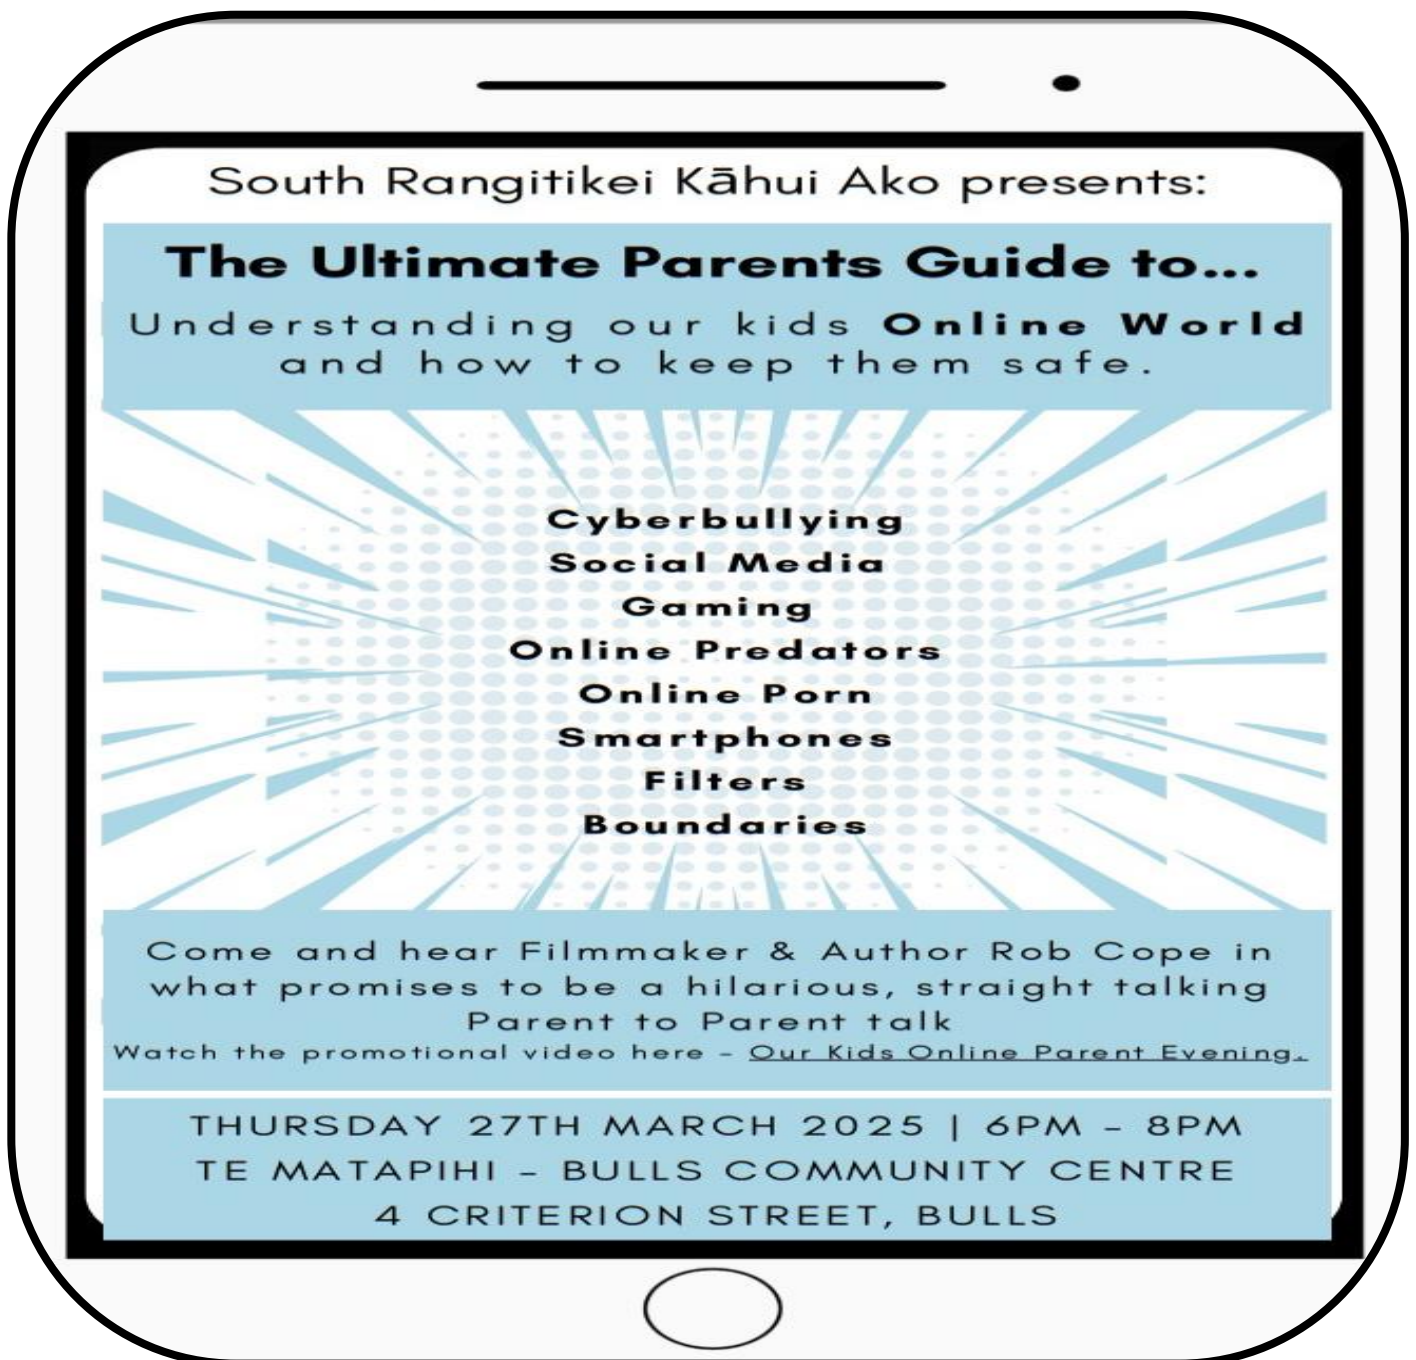

Social media in today's environment is a key aspect of everyone's lives. We probably all use it in some form or another and it has come a long way from just looking at pictures and events. It is also at times a huge issue in homes, and causes tension between parents and their kids.

How do we manage it? What should we do? What's appropriate?

On Thursday 27th March the cluster has organised Rob and Zareen from our kids online to come and talk to the community. This will be held at Te Matapihi from 6pm till 8pm. This is a relaxed informative evening about how to keep our kids safe online. It is a free event but numbers are limited to the capacity of the hall so please complete the last question on the egg survey to let us know numbers, or you can let Aroha know in the office that you are coming - and how many of you.
