Nga mihi nui
Jonathan Poole
Principal

ABOUT US

At Ilminster Intermediate, our vision, Te Taumata o Angitu – Simply the Best, guides us in creating a vibrant and supportive learning environment. Here, every student feels valued and empowered to explore their interests, develop talents, and build a strong foundation for their future.
At Ilminster Intermediate we have an exceptional staff committed to both the delivery of a rigorous curriculum in rich learning environments, and to providing opportunities that go above and beyond expectation. Our students are encouraged to discover their passions and get involved with new experiences.

At Ilminster, our Mātauranga programme is designed to make the most of both teacher expertise and student learning opportunities. Mātauranga classes move through Literacy, Numeracy, PE, and Connections together, following a timetable that runs four days a week from 9am–12.30pm. Each learning block is 90 minutes long, with small class sizes (21–22 students) to ensure strong relationships and quality learning time.

Our teaching model celebrates teacher strengths, each teacher takes responsibility for one curriculum area across the school, allowing them to teach what they are passionate about and excel in. This specialist approach ensures that every student is taught by teachers who know and love their subject. Ilminster graduates often reflect that this middle school structure has prepared them well for the transition to high school, where they experience different teachers for each subject.

We believe the intermediate years are a time of incredible growth, discovery, and adventure. We're dedicated to nurturing every student's potential in a supportive and stimulating environment.
