Whātuia te Waiora Weaving Wellbeing Programme

Whātuia te Waiora Weaving Wellbeing is a positive mental health programme which aims to enhance wellbeing for Year 7 & 8 students over 10 weeks during the school term (1 hour per session). It gives children the opportunity to weave positivity into their daily lives through a range of activities in a variety of areas. These areas include identifying and using their authentic character strengths, boosting positive emotions, developing, and nurturing positive relationships and connections, building practical resilience skills (including mindfulness) and developing self-efficacy through empowering beliefs.

The intention of the Whātuia te Waiora Weaving Wellbeing programme is to support learners to feel good about themselves, have a vision for themselves that supports their best possible selves, and to be equipped with several resilient ways of thinking and being to support them in times of challenge. Students will gain life skills to add to their kete of knowledge to help support them now and into the future.

This programme will be delivered to all of Kauri Class (Years 5 to 8) throughout Term 4.

Ski Day Trip

We had such a great time! Our 'new to skiing' learners did extremely well and the rest of us were awesome at remembering how to ski again. We even skied at the Rock Garden for the first time. The conditions were challenging, such as the visibility, however we kept on top of things, kept learning and had a good time doing so. Well done team.

Thank you to BWR for providing us with a van and driver. Thank you Evie for taking us to and from the mountain for the day.

Unfortunately, due to some illnesses not everyone in Kauri Class attended. Whakapapa Ski School requests medical certificates from those unable to attend in order to receive their refund. If you haven't already done so and want your refund please send along to school your child's medical certificate so we can pass this on for you.

Finlayson Park School

We were truly grateful for the opportunity to have some Year 7 & 8 students visit our school from Finlayson Park School recently as part of their 'Service to Others' camp theme. Students were excited and honoured to share their Siva Samoa and Siva Afi (fire dance) performance and run a cultural workshop for our learners. It meant a great deal to them to be able to give back in this way, especially outside of Auckland.

Community Assembly

Our final Community Assembly will be held next week on Thursday 18 September starting at 6.00pm. Details are to follow so please come along to see first hand what we have been learning since our last Community Assembly.

Property

Following last weekend's storm we had a tree fall over the tennis court fence area. Thank you Lucas Batger for paying it forward to support the school in removing the wind blown tree and further inspect the school grounds for added safety. Thank you also to Munga Wright for helping with clearing away the debris.

Head Lice Reminder

Head Lice (nits) are a regular occurrence in school communities that requires everybody's attention to eradicate. Anyone can get head lice. Please be vigilant in checking your hair and your child's hair regularly and treat as necessary.
