Learning as one, growing together as one

- Media
- Photo
- Video
- Student Created Artifact

Throughout the school year, students may be highlighted in efforts to promote school activities and achievements. For example, to increase public awareness of our school through newspapers, radio, TV, the web, DVDs, displays, brochures, and other types of media. The students may also be selecting examples of their own learning to share and discuss online in class websites and student-centred blogs.

I, the Parent or Guardian of the student named below, agree to media, as described below, being uploaded to the internet. This may include, but is not limited to, the class/school website(s), social media, class or individual blogs and will be made accessible and useable by users of that/those website(s).

I understand that, once uploaded, the media may be accessed and downloaded by anyone with an online connection and that material published online is available to the world at large.

I agree that the media may be used for other than educational purposes, including in promotional or support materials. I understand that the media may be adapted, re-used, stored, and further communicated to the public via newspaper or television.
