

# East Tāmaki School

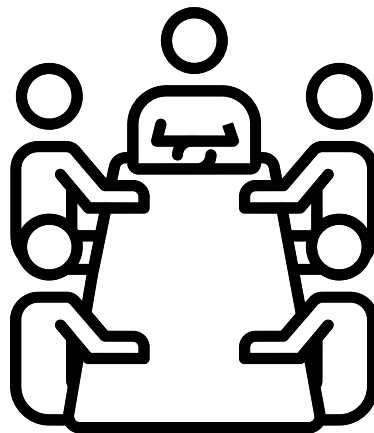

23 July 2025 Term 3 Week 2

## Triennial School Board Elections

The Elections are taking place this term. Each school in New Zealand is governed by a Board. We need four community members on our Board and we will be asking for people to put their name forward soon. You can nominate yourself or someone else to be a Parent member of the Board. These positions will be until September 2028.

Serving on a school Board is a great opportunity for community members to support the school in a governance role.

The election process is being run independently by *Schooled Election Pilot* whom will be sending out nomination information to all parents via email or post this week. If you have any questions please contact the school office.
