### HAVE YOU TAKEN A LOOK?

The Parent Portal aims to empower whānau to take an active role in their child's education, with practical videos, activities, and resources to support learning. It includes 'parent-friendly' versions of the New Zealand Curriculum and Te Marautanga o Aotearoa. <https://www.education.govt.nz/parents-and-caregivers/schools-year-0-13/parent-portal>

## KŌRERO WHĀNUI - GENERAL NOTICES

### Break 2 / Bell Times Changing

Currently at second break, tamariki go out to play first and then return for kai. This will be changing back from next week onwards to eating first, then going out to play. Bell times will now be...

11.00am - Break 1 Kai (no change)  
 11.15am - Break 1 Play (no change)  
 1.15pm - Break 2 Kai  
 1.30pm - Break 2 Play

### Food and Nutrition

At Castlecliff School, we promote healthy food and nutrition to our students (Education (School Boards) Regulations 2020, reg 20). Educating students about nutrition and encouraging healthy active learning contributes to their personal success and wellbeing, and to a healthier community for everyone. Castlecliff School is a 'water only' school. Kaiako are noticing a LOT of packeted kai in lunch boxes that have no nutritional value to help children focus on learning.

*If you need to supply extra kai on top of daily Breakfast in schools, Fruit in schools and Pita Pit provides, then PLEASE supply kai that helps your child to maintain behaviour, learning, concentration and energy.*

### Money or lollies at school

All money confiscated at school will go to the end of year teachers bash fund. Confiscated lollies will be disposed of. Students who chose to bring either of these two items will have consequences.

### Hui-ā-kura

Classes take turns at running assembly with a focus on ensuring all students have an opportunity to develop their oral language, public speaking and performance skills. **Please join us from 9.00am to 9:30am.**

### Life Education

The Healthy Harold programme supports children to:

- Develop life skills relating to their health and wellbeing
- Understand how to make healthy choices
- Gain knowledge about health and their bodies
- Develop self esteem and a positive understanding of themselves
- Develop strategies for relating to others

Teaching covers content across five major strands: food and nutrition, human biology, relationships and communities, identity and resilience

**Thank you** Matua Mark and Harold!!
