

"Deeds Not Words"

GET BRUSHING!!

The "dental caravan" provides dental services. These mobile units are equipped to offer a range of dental treatments, bringing care directly to our students. The dental technicians will be here over the next **FOUR** weeks, **starting THIS Monday 4 August**. All students will be assessed. If your child/ren needs follow-up work on their teeth, please quickly return the assessment form.

It was very amazing and fun while we were making the balloon powered car. We were allowed to use hammers, hot glue guns, and drills. We had to make sure that the wheels were straight and the axles were lined up with the back wheels. Half of the cars we did were able to travel over a table. Some cars did not work because the holes in the bottle were too small, the wheels didn't touch the ground, and the wheels were wonky. Everyone had heaps of fun. We are looking forward to doing some more experiments. Soon we will make propeller cars and boats. **Nā Ruawharo Ropiha**
