# WELCOME FROM THE PRINCIPAL

## Kia ora koutou

Welcome to Piopio and to our kura.

Piopio College sits proudly in the Ngāti Maniapoto rohe. The school is set in beautiful, parklike surroundings with a strong community feel.

Learning is central to all that we do and we work hard to ensure students are prepared for the ever-evolving global environment in which they will work and live in. We provide pathways for students that will engage and challenge them to be the very best that they can be. Making the most of our local area we look to ensure that students value learning and do so in a supportive and caring environment. Learning which is relevant and authentic allows students to bring their own experiences into an environment that encourages individual learning styles to flourish.

We have a staff who are committed to provide authentic learning opportunities. We strive to develop individual learning approaches to build on the attributes that students and staff bring with them. Aiming high and meeting the aspirations of whānau, students and teachers to ensure that student reach their potential is an important goal for us all.

We look forward to working with you and welcoming you in to the Piopio College whānau as we embark on our learning journey together. We are a school with a proud history and look forward to seeing you soon.

“Ehara taku toa I te toa takitahi Engari, he toa takitini”  
My strength is not as an individual, but as a collective

Ngā mihi nui  
Rakesh Govind  
Principal

Mr Rakesh Govind

## OUR COLLEGE

**Piopio College** is situated in the beautiful limestone area of the King Country, in the western North Island of New Zealand.

The College is a state co-educational secondary school for students in Y7 to Y13. It is a small school with between 130-150 students, which enables staff and students to get to know one another very well.

We provide a positive, safe, supportive, caring family environment which promotes quality learning.

We have a strong focus on meeting the needs of individual students. Our small class sizes, well qualified staff and support services help us to achieve this.

The College is set in a well-developed, multi-level, park-like environment of 6.5 hectares. A raised bank with deciduous shade trees provides good spectator viewing for our sports fields.

There are rugby, football pitches, cricket wickets, netball and tennis courts, a 400m athletic track and a 25m swimming pool.

We have modern specialist teaching spaces. These include the Hallam Learning Centre, two science laboratories, a Wharekura, a visual arts room, multi-purpose hall/gym, hard and soft materials workshops, and a design and visual communications space.

There is a well-stocked library that is open to the community as well as the college.

The College provides a quality education. We measure this in part, by the number of students who:

- continue their education in tertiary institutes and universities;
- secure employment both in New Zealand and overseas;
- perform well in external examinations, regional competitions, tests and events;
- continue their participation in sport and cultural activities after leaving school.

We value the support we receive from whānau and families, and the wider community.

## OUR VISION

### *Whakaara kia mataara* *Aim high*

Piopio College is a learning community ensuring all learners have equal opportunities to a quality education in order to prepare them for a rapidly changing world.

Our stimulating curriculum allows students to choose their pathway and provides them with the necessary skills and knowledge to empower them to become successful, responsible citizens.

## OUR MISSION

To work collaboratively to create a dynamic learning environment which is the focus and pride of our community.

## OUR VALUES

### **Head Students 2024**

# CURRICULUM

In 2025 Piopio College will operate a five day timetable, with five periods of lessons each day.

The College curriculum has been developed from the New Zealand Curriculum. It sets direction for student learning in NZ by starting the vision that young people will become confident, connected, actively involved, lifelong learners.

The NZ Curriculum sets out values (which are included in the College values), key competencies and learning areas that put students at the centre of learning. It also sets high expectations for teachers, encouraging them to create a supportive learning environment.

## Key Competencies

The New Zealand Curriculum identifies five key competencies:

- thinking
- using language, symbols and texts
- managing self
- relating to others
- participating and encouraging

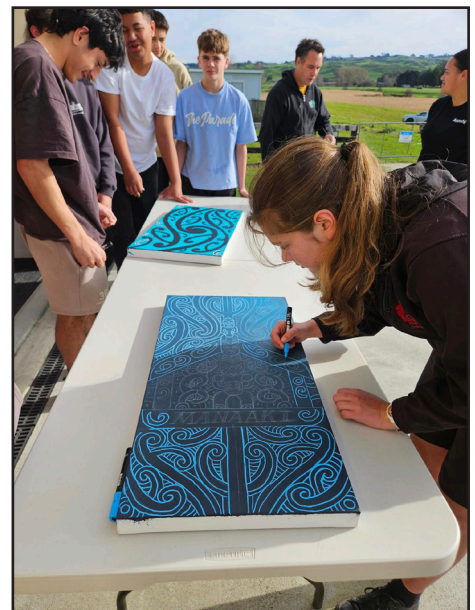

People use these competencies to live, learn, work and contribute as active members of their communities. More complex than skills, the competencies draw also on knowledge, attitudes, and values in ways that lead to action. They are key to learning in every learning area.

## Learning Areas

The New Zealand Curriculum specifies eight learning areas:

- English
- The Arts
- Health and Physical Education
- Mathematics and Statistics
- Science
- Social Sciences
- Technology
- Learning Languages

The learning associated with each area is part of a broad, general education in Y7-10, and lays a foundation for later specialisation.

# OUR CURRICULUM

Years 7-8

## YEAR 7 & 8 HOMEROOM

reading music woodwork  
writing art maths  
science cooking & sewing PE

### Our Vision

Our vision for our Year 7 & 8 Homeroom is for our team to offer a rich and full curriculum that maximizes opportunities for our students and encourages them to achieve their personal excellence.

We endeavor to deliver high quality teaching practices where student voice is valued and used to equip students with the knowledge and skills to live successful lives with a growth mindset.

Our junior learning programmes are constructed around the NZ Curriculum, key competencies, values and acknowledge that each student is an individual.

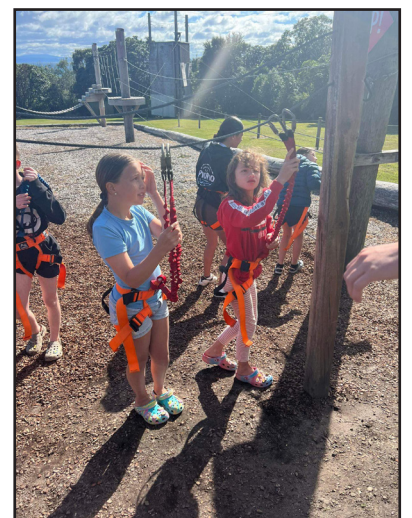

### Our Aspirations

Our aspirations and objectives are to ensure that all students are making academic gains.

Through data collection, analysis, identifying priority and target students we aim to provide learning programmes that are catered to students needs and differentiate the learning where appropriate to ensure students are meeting success.

As homeroom teachers, we want to continue to question ourselves if students are not meeting expectations and to find out why, so we can implement suitable programmes to support their achievement and continue to improve our own practices.

# OUR CURRICULUM

Year 9 - 10

## Year 9/10 Prospectus

New student enrolments for the 2024 academic year are open

### Our Vision

Create a Year 9 and 10 curriculum that brings actual meaning to being at kura by providing

- Leadership
- Award system
- Subject choices
- Guidance and Mentoring
- Enjoyable and relevant classes
- Multi Subject Courses
- Camps and events
- Sport, culture and EOTC opportunities
- Create a curriculum that whanau want their children to be a part of

### Subjects/Courses

- Physical Education and Health
- Woodwork (Tech Hard Materials)
- Sewing (Tech Soft Materials)
- Cooking
- Art
- Social Studies
- English
- Math
- Science
- Māori
- Ag/Hort
- These subjects follow a "core theme" that will be used to provide relevance and buy in from ākonga. Last years theme was "local resources"
- **OUR GOAL IS TO MOVE TOWARDS COURSES WHERE STUDENTS WILL PICK A TOPIC " LIKE "PROFESSIONAL ATHLETE" AND IT WILL HAVE MULTIPLE SUBJECTS IN IT.**

### Extra Curricular

Students will get the opportunity to participate in a multitude of sporting, cultural and subject field trips as well as camps and leadership opportunities

# OUR CURRICULUM

## Year 11

Students in Year 11 are working towards NCEA Level 1. Most students will achieve this in one year, others may require longer. The National Certificate of Educational Achievement (Level 1) requires 80 credits.

The 80 credits must include:

- 10 Literacy credits
- 10 Numeracy credits

Compulsory subjects include:

- English
- Mathematics
- Science
- Physical Education

**COURSE FEES:** Please note that some courses have fees for take-away products. You are expected to pay the fees before being given the products.

## Year 12

Students in Year 12 have a range of possibilities.

If they are intending to go on to further study at University, no subject is compulsory although, in consultation with their mentor, recommendations will be made. If they completed NCEA L1 in 2022 (at least 80 credits including 10 Literacy and 10 Numeracy credits) the main qualification they will be aiming for in 2025 is NCEA Level 2. If they did not complete NCEA L1 in 2022, they may take a mix of NCEA L1 and L2 courses. The aim is to complete the L1 qualification and work towards completing L2.

The National Certificate of Educational Achievement (Level 2) requires 80 credits.

The 80 credits must include:

- 60 credits at Level 2 or higher
- The remaining credits may be from any level and may include L1 credits gained last year.

**COURSE FEES:** Please note that some courses have fees for take-away products. You are expected to pay the fees before being given the products.

## Year 13

There are no compulsory subjects at Year 13. However, to achieve the University Entrance qualification you must take at least three University approved subjects. Year 13's may have one line of Supervised Study if they are following an Academic (predominately Achievement Standards based) course.

We would like to provide taught classes in every L3 subject.

Unfortunately we are a small school and we do not have sufficient staff to make this possible.

There are several ways in which we enable appropriate learning.

- We may enrol students in another school that offers the subject by video conferencing/ Google Meets
- We may enrol student in the Correspondence School. They work from study booklets provided by Te Aho o Te Kura Pounamu. Students are able to phone their teacher for assistance.
- Students taught face-to-face for part of the week (instead of the usual 4 hours) by one of our teachers and have independent study for the remaining time.

**COURSE FEES:** Please note that some courses have fees for take-away products. You are expected to pay the fees before being given the products.

# OUR CURRICULUM

## Gateway Work Experience Programme

The Gateway Programme is an exciting opportunity for a student to investigate or broaden their future career options by integrating school-based learning with structured learning in the workplace.

Students attend a workplace one day a week for a minimum of 10 weeks, where they gain hands-on practical skills, as well as having their learning in the workplace evaluated by their employer. Students work on relevant unit standards to contribute to the 20 credits required per student to endorse the MOE funding received.

Students with an excellent attendance record and Level 1 Literacy and Numeracy will be prioritised into this programme, based on a successful interview with our Gateway Coordinator.

Applications are now open for 2025. Please see Lynette Perrett if you are interested.

### Secondary Tertiary Partnerships

*Up to 11 students will be given the opportunity to attend these L2 & L3 campus based courses one day a week.*

*Wintec: Students travel to Hamilton or Otorohanga one day a week and have the opportunity to undertake a practical course and provides sector-related credits required to earn a Vocational Pathway Award on their NCEA Level 2 and NCEA Level 3 qualifications. Students gain specific and practical experience and skills in an industry based setting, and the opportunity to move directly into a job or apprenticeship, or further study, on completion of secondary school.*

Tana Maguire & Lachlan Lyford - finished Fabrication project (Waikato Trades Academy)

# OUR CURRICULUM

## Course Options for Senior Students

- English
- Te Ao Māori
- Maths
- General Science
- Agriculture/Horticultural Science
- Technology
  - Soft Materials (Textiles)
  - Hard Materials (Wood)
  - Design & Visual Communications (Graphics)

- Physical Education
- Outdoor Education
- History
- Hospitality
- Visual Arts
- Photography
- Māori Performing Arts
- Biology
- Sports Science & Leadership

## Courses via Correspondence

- Physics
- Chemistry
- Music
- Art History
- Economics
- Media Studies
- Business Studies
- A Language
- Geography
- History
- Health
- Tourism

# POSITIVE BEHAVIOUR

## 4 LEARNING

**Piopio College is a PB4L School.**

PB4L School-Wide looks at behaviour and learning from a whole-of-school as well as an individual child perspective. The framework is based on international evidence.

The Positive Behaviour for Learning School-Wide framework is helping schools build a culture where positive behaviour and learning is a way of life.

PB4L School-wide takes the approach that opportunities for learning and achievement increase if:

- the school environment is positive and supportive
- expectations are consistently clear
- students are consistently taught desired behaviours
- students are consistently acknowledged for desired behaviours and undesirable behaviours are responded to in a fair and equitable way.

Our Piopio College Values are M.A.N.A:

- Manaakitanga/Respect
- Rangatiratanga/Leaders
- Whanaunatanga/Connect and Caring
- Kotahitanga/United

## OUR SPORTS

**Piopio College** has a strong sporting tradition with teams and individuals gaining provincial and national recognition.

The school offers all students a wide variety of sporting and recreational activities in which to participate in both the summer and winter seasons.

Staff members encourage students to take advantage of these opportunities so they can experience and benefit from the opportunity to improve fitness, motor skills, responsibility and social skills.

There is satisfaction in the achievement that comes from being physically and mentally fit, and interacting with fellow students in a setting other than the classroom. The school sees this participation as key to a student developing into a well-rounded individual, and it is gratifying to see that such a large number of students take advantage of the opportunities available to them.

Activities on offer include: ki o rahi, touch, rugby 7s, swimming, turbo touch, softball, cross-country, athletics, ripper, unihoc, rugby, netball, football, basketball, squash, equestrian, hockey, volleyball, badminton, gym programmes and training.

Piopio College has a gymnasium, access to a swimming pool, and access to the equipment in the Piopio Recreation Centre and other local sports facilities.

Piopio College attends regional and national tournaments, as well as a bi-annual overseas sports tour.

Staff members are prepared to put in time and energy to student activities. We encourage parents to be involved and gratefully accept assistance with coaching, transport and fundraising.

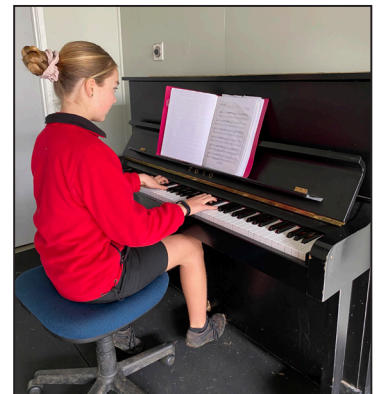

# MUSIC & CULTURE

## Music

The College is part of the Itinerant Programme. Each week Isaac Pethybridge (guitar, violin and other stringed instruments) works with small groups of students from beginners to skilled players.

There is a strong emphasis on performing publicly, either as individuals or as part of the group.

The College holds a performance day in the third or fourth term.

## Kapa Haka

Piopio College students have excelled and are passionate about the knowledge, skills and expertise that are being provided for their benefit.

This encompasses the historical journey of themselves as Māori, of the past, present and future.

Students prepare for and perform in the Maniapoto Secondary Schools' Kapa Haka Festival, known as Waiwaia and other local events.

This is an annual festival started by Piopio College more than 30 years ago that sees secondary schools in the district come together to celebrate the history of the district.

# CODE OF CONDUCT

**Piopio College** is a friendly and caring place and if everyone follows our code of conduct, we will help keep it that way.

## **Respect others' opportunities to learn without interruption**

Students and teachers make better progress when they are able to learn and teach without being interrupted.

## **Be courteous, respectful and friendly to each other, staff and visitors**

Students, staff and visitors enjoy being treated with respect.

## **Come to school prepared for learning**

Students and staff should arrive on time, fully equipped and ready to make the most of each activity's learning opportunities.

## **Help to keep your school environment safe, clean and attractive**

Students and staff enjoy working in a safe, attractive and healthy environment.

## **Be proud of your College and its achievements**

Students and staff should dress and act in ways that build a good image and maintain the community's high regard for the College.

So be respectful, be safe, be a learner and be proud.

We know that students and staff are following the College Code of Conduct in the classroom because students follow their teacher's instructions.

- Everyone arrives on time
- There is no eating or chewing in class
- Students bring the equipment they need
- Talk is focused on learning
- There are no putdowns or offensive language
- Learning is not disrupted by the actions of others.

# USEFUL INFORMATION

## **Camps/Trips/Outings**

All camps/trips/outings will require a permission slip to be signed by the parent/caregiver for each student. No student will be allowed to participate without a permission slip.

## **Enrolment**

All new students need to have individual enrolment forms filled out. We are required to sight original birth certificates or passports as part of this process. New students that we are expecting for the following year will have enrolment forms sent to their parents/caregivers in November. We welcome these being returned as soon as possible prior to Orientation Day although we will of course, be happy to receive them on this day as well. Students arriving during the year are required to go through Mrs Baker or Ms Taitoko (main office) and Mrs Thomas (Finance Officer) to fill in forms, before meeting with a Senior Leader who will then assist with subject choices and place them in to a class and vertical form.

## **Student Wellbeing Services**

Dr Bronwyn Campbell holds a student health clinic at the College on Thursday between 9.00am - 11.30am. Any student may consult Dr Campbell on any health issues. Parents are welcome to accompany their children. Charlotte Jacobs is our Public Health Nurse, and she holds a health clinic on Tuesday 1.00pm - 3.05pm. Joyce Sneddon is our Counsellor and is at school on Wednesday 8.30am - 3.00pm. Students should see Mrs Baker if they want an appointment to see the doctor, nurse or counsellor. These services are free and confidential.

## **Whānau**

The College is divided into four whare. Students are placed in a whare when they enrol at the College and remain with the same group throughout their time here. As far as possible, members of the same immediate family will be in the same whare. Each whare is grouped into two Vertical Forms known as whānau groups of about twenty students. Whare compete against each other in sports, such as Athletics and Swimming and in some cultural events and quizzes.

## **Instrumental Music Tuition**

Piopio College is a member of the itinerant music scheme. Students have a great opportunity to learn string and voice free of charge. A 30-minute group lesson is held once a week during school time. The only cost is the hire of your instrument. Piopio College has some instruments for hire. Students pay a deposit which will be refunded at the end of the year when the instrument is returned. Details are included on the fees sheet. Register your interest with Mrs Noëlle Turner.

## **Piopio College Facebook page**

Piopio College - Te Kura Tuarua o Piopio is our Facebook page where we have events, notices, newsletters and photos of our students achievements posted.

## **Priority Student and Gate Student Programmes**

Learning assistance and special programmes are offered where learning difficulties are identified. Lucy Thomas is our Special Educational Needs Coordinator. We also offer extra opportunities for our Gifted and Talented students. Students are tested regularly and all subjects use running assessment data so priority students can be highlighted. Teacher Aides work with those students.

## USEFUL INFORMATION

### Stationery

Stationery packages are available for Years 7 & 8 to purchase, however stationery lists are mailed to each student before the start of the school year. We encourage you to shop around for the best bargains. The College has a limited stock of basic stationery items such as ballpoint pens, pencils, rulers, erasers, exercise books and loose leaf refills. Students may purchase these items at interval or lunchtime from Mrs Baker. Some subjects require specialised stationery such as Student Manuals, and the purchase of these items will be coordinated by the subject teacher.

### Visitors

All parents and visitors to the College are required, on arrival, to report to the main office. We do not allow 'social' visits from friends or acquaintances during school hours. Occasionally we are asked if a student from another school can come to Piopio College with one of our students and go to class. For reasons of safety and liability we cannot allow this.

### Uniform

It is important students are dressed correctly in uniform each day. Most of the uniform can be purchased from The Warehouse although we do have some second hand uniform available at the College. Blazers, College Sports Hoodies, beanies, bucket hats and caps are sold at the College. (Uniform requirements on pages 19-22).

### Piopio College and Recreation Centre Partnership

We have had a long-standing partnership to use the Community Gym as part of the physical education and sports programme, and the newly constructed Fitness Zone so that students and teachers can access this wonderful facility as part of the curriculum and co-curricular programmes. When you enrol at the College, your parents sign the enrolment form and agree to support our school by endorsing our Code of Conduct. They are important for our own safety and for other people.

# OUR UNIFORM

## GIRLS

**The following items are NOT acceptable:**  
 Jeans, Denims, Track pants, Leggings/Tights, Elastic ankle pants, Sport shorts or pants, Puffa jackets, Hoodies, white or multi coloured socks

**Years 7 - 11**
