- 1 x Set of Coloured Pencils (not felts)
- An old shirt or apron that can be used as an art shirt

This year we have teamed up with OfficeMax to give you the option of ordering your child's stationery requirements online – please see over page for the details.

We will store away surplus stationery so that when something is needed, we can retrieve their named items and give them these. If all their named items are used up, they will then need to purchase more stationery (there should be enough to last all year if looked after well).
