Greetings to you all

Dear Parents, Guardians, and School Community,
It has been a busy and productive term at school, with many activities and projects taking place. A significant part of our term involved asbestos removal in one of our classroom ceilings and the installation of new carpets in both classrooms. As a result, we were unable to use the classrooms until the end of February. During this time, we worked from the library. I would like to express my gratitude to both the children and staff for their patience and understanding during this period of disruption.

Despite the challenges, the term was filled with exciting learning opportunities. Our students had a fantastic time creating and working with puppets as part of our Moana unit. They developed their skills in puppetry and puppet theatre, using their creations to highlight the learning they had gained. This project allowed them to explore creative expression while also gaining insights into storytelling and teamwork.

In addition to the arts, the children have been honing their skills in unplugged technology activities. They've been developing coding and debugging skills, learning important concepts that will serve them well in the future.

Thank you to everyone for a wonderful term, and we look forward to more exciting learning experiences next term.

Have a happy and enjoyable holiday break everyone.
