Greetings to you all

A very warm Taieri Beach School welcome to Flo, who has joined our band of eager learners! We are thoroughly enjoying her artistic talents and her keen interest in nature activities. We hope to see her brother join us soon too! We're also delighted to share that Shannon, the principal of Tokoiti School, has invited Ryker to participate in their Senior Camp again this year. Ryker had a fantastic time last year. He is currently visiting Tokoiti School weekly to engage in the pre-Camp activities. We can't wait to hear about his adventures at the end of November!

Next month, Constable Ross will be leading the "Keeping Ourselves Safe" program at our school. This valuable program teaches students important skills and strategies to ensure their safety in various situations. Our staff are also hard at work with Professional Development in Structured Literacy and Structured Mathematics, preparing to bring even more effective learning strategies to the classroom in 2025.

Lastly, thank you to those who supported the BBQ run by Leona Munro from Tall Poppy at the Coastal Classic. Proceeds from this BBQ will go to our School and Community Swimming Pool! A huge thank you to Leona for her support of our school and community.

COASTAL CLASSIC: Wow! The Coastal Classic was amazing. The weather preformed beautifully on Sunday after an abysmal Saturday. A huge thanks go to the Taieri Mouth Events Group, our sponsors, the over 550 participants, all the marshals who help us year after year, the food vendors and all of the locals and families who help support this event. What an amazing day for our community! It is one day of inconvenience for some residents to go from their driveway but what a tremendous positive outlook for Taieri Mouth. So hopefully you were able to put up with that one day of inconvenience with a smile and no rude words to our hard working volunteers without who this event could not happen. Thank you again to everyone. Also a special thank you to all of the helpers after the event cleaning up the park, removing all the signs, putting things away in the shed. Special thanks to Terence Hayward who supplied the electrical expertise to the shed and supplied the sound system on the day. Thank you, thank you to everyone.
